Can I try the program before committing?

General FAQs and Resources · https://www.re-origin.com/support/can-i-try-the-program-before-committing

We do not currently offer a free trial of the full paid re-origin Program + Community membership. You can explore our free introductory resources before purchasing.

The annual membership provides immediate access to digital content and is not a trial you can cancel for a refund simply because it is not the right fit. Our conditional first-year results guarantee may apply if you have received no value after completing the entire video program and practicing the techniques for 30 minutes daily for at least six months. You must request a refund within 12 months of your initial purchase and submit the completed form within seven calendar days of becoming eligible and within seven days of your request. Approved refunds incur a $50 processing fee; related fees and taxes are excluded.

Renewal charges have a separate 14-day cancellation and refund window, with the required refund form due within seven days of requesting it. These policies do not affect your statutory rights. For full details, see our Terms & Conditions or contact support@re-origin.com.
