Do I get access to the re-origin community when I join the program?

Community and Engagement · https://www.re-origin.com/support/do-i-get-re-origin-community-access

Yes, you'll automatically gain access to the re-origin community as soon as you join the program.

Once you sign up, you'll be able to log in and start exploring the community right away connecting with other members, accessing discussions, and participating in spaces like Progress Pals, challenges, and workshops.

There's no additional cost for community access, it's included as part of your membership.

How do I access the community after joining?

You'll receive login details and instructions after signing up, so you can access the platform straight away.

Is the community included or do I need to pay extra?

Community access is fully included in your subscription, there's no additional fee.
