How do I access or log in to My Account at re-origin?

Account and Access · https://www.re-origin.com/support/how-do-i-access-or-log-in-to-my-account

Logging into your re-origin account is quick and easy, and gives you access to your program, resources, and account details.

How to log in to your re-origin account

You can access your account in two ways:

- Click **“Account”** in the website header at www.re-origin.com
- Or go directly to: www.re-origin.com/my-account

Enter your email address and password to log in.

Important: Website vs Community login

Your **re-origin website account** and **community (Mighty Networks) account** are separate.

- The website account is where you manage your subscription, purchases, and details
- The community account is where you access group spaces, coaching, and discussions

You may use the same email for both, but they are managed independently.

Having trouble logging in?

If you can’t access your account:

- Double-check your email and password
- Click **“Lost your password?”** to reset it
- Check your spam or junk folder for reset emails

If you’re still having issues, contact **support@re-origin.com** and we’ll help you get back in.

Where do I log in to my re-origin account?

You can log in at www.re-origin.com/my-account
or by clicking “Account” in the website header.

Why is my re-origin login not working?

This is usually due to incorrect login details or needing to reset your password. If the issue continues, contact support for assistance.
