How do I update my password at re-origin?

Account and Access · https://www.re-origin.com/support/update-password-re-origin

If you need to update your password on re-origin, you can do this through your account settings to keep your account secure and up to date.

Step-by-step: how to update your password on re-origin

1. Log in to your account at www.re-origin.com
2. Go to **My Account**
3. Click on **Account Details**
4. Scroll to the password section
5. Enter your new password
6. Save your changes

Updating your password regularly helps protect your re-origin account, your personal information, and your access to the program and community.

If you experience any issues accessing your account or updating your password, contact **support@re-origin.com** and our team will help you regain access.

What should I do if I forgot my re-origin password?

If you've forgotten your password, click "Lost your password?" on the login page and follow the instructions to reset it via email.

How often should I update my password on re-origin?

For security, it's a good idea to update your password periodically and use a strong, unique password to protect your account.
